

# GROWING IN *grace*

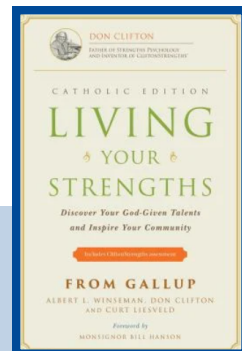

community of faith for 55+

## Strengths and Spiritual Gifts in the Golden Years

With the coming of a new year, Growing in Grace invites you to breathe new life into your faith by exploring the Strengths and Spiritual Gifts that God has given you. What better way to discover what you can do to serve God in your golden years than by exploring the tools God gave you?

Whether or not you have previously taken Saint Clement's Strengths and Spiritual Gifts courses, you will find this a fresh opportunity to learn and rediscover how your God-given talents and abilities help you grow into your golden years in faith.

Once you have registered you will receive background materials and instructions for completing Gallup's Clifton Strengths™ Assessment and Saint Clement's Gifts Inventory if you have not taken them within the last five years.

### ABOUT THE ASSESSMENT AND INVENTORY

The Clifton StrengthsFinder Assessment™ helps people identify and use their God-given talents to feel more connected and engaged in their faith communities. Gallup's "Living Your Strengths" -Catholic edition supports what one learns from the self assessment.

Saint Clement's Spiritual Gifts Inventory is a tool that can help identify the "charisms" gifted to you by the Holy Spirit to deepen your spiritual life and the lives of the people around you.

Registrants will receive instructions for accessing both instruments.

**SATURDAY, JAN 17**

**Saint Clement Parish  
Chapel**
