## *Faith Taking Shape: Early Christianity and the Arts*

Inspired by the late Father Hesburgh's example of lifelong learning, the Hesburgh Lecture Series has brought University faculty to Notre Dame clubs and their local communities since 1986. The lectures, presented by mostly tenured faculty, showcase the depth and breadth of Notre Dame's academic expertise in research and teaching through an accessible format suitable for a general audience. The Hesburgh Lecture Series furthers the mission of the Alumni Association to provide meaningful continuing education opportunities to Notre Dame alumni and friends.
