VACATION BIBLE SCHOOL TODDLER ACTIVITIES

WEEK 3

- Fill a bowl up with water and test to see what things sink and what things float. Take a guess before you place each item in the water!
- Practice naming animals and identifying what sound they make. You can look at pictures in books, magazines, or on the internet. You can use animal toys!
- It is important to take care of God's creations. Help your parents feed your pets and give them water. If you don't have pets, grab a watering can or pitcher and water some plants.
- Sing and dance along to "Noah's Lullaby" – and see if you can sing it all the way through!
