

Student Synodal Listening Session

Cry of the Earth, Cry of the Poor

Thursday, November 12, 2026

7-9 pm EST

The Mercy Justice Team invites Mercy high schools to send student delegates to a virtual synodal listening session on the Care for Creation. Synodal conversations are happening around the U.S. this fall. This event provides Mercy students with an opportunity to share their concerns and ideas for addressing our climate crisis.

Mercy high schools are invited to send 2 students and 1 faculty or staff observer to take part in the Student Synodal Listening Session in November. The meeting will take place on Zoom and interpretation will be available in English and Spanish.

Use the QR code below to register your school's interest in participating.
