

# *“Walking with Christ.”*

## *Sunrise Series*

By: Deacon Rick

There is nothing more beautiful than a spectacular sunrise. At the beginning of each day I enjoy a short walk, a breath of fresh air and the sunrise. Although, not every sunrise is picture perfect, regardless it is still beautiful in its own way. Everyday is a gift from God, therefore, in this series I will share with you some of my best and favorite photos taken on my morning walks over the past ten years. I call this my sunrise series collection, although you will find an occasional sunset mixed in for good measure, which are equally as beautiful. Each photograph is framed with a short verse from sacred scripture, chosen specifically and deliberately, as I grasp for faith and trust in God on this earthly journey.

It is my hope that as you read the word of God and take in the accompanying photograph that peace will fill your heart and that you may enjoy a moment of solitude and contemplative prayer. In addition, each photo has related details which include the location of where it was taken, the date and any other interesting information. Please take this opportunity to be prayerful... and I hope you enjoy this walk as much as I did.

May Almighty God Bless you today and always!
