

Watch: Ozzy Ozone

Grade 3-5 Post-video suggested activities:

01

Use this [**video response sheet**](#) and have older students take notes while they watch the video. Have them prepare questions they may have after watching the video.

02

Design a poster about sun protection and ozone depletion, labelled with acceptable ozone-friendly practices and sun-safe behaviours

03

Have a sun-safe parade where students display posters explaining various ways to be protected from UV rays (the shadow rule, how to make a hat, planting trees...).

1/2

Ozzy Ozone - continued: Gr. 3-5 activity suggestions

04

Have students choose a local song and write new lyrics about Ozzy Ozone and what can be done to protect him.

05

Design your own sunscreen bottle

07

Play the Ozzy Ozone Game to learn practical tips to enjoy the sun safely and how to help save the Earth's Ozone Layer.
