

MAGNETIC FLEXIBLE TOOL MAT

NEW!

EZR-MAGMAT-R

ORDER NOW

- **ULTRA-FLEXIBLE**

This mat will fold, bend, or roll any way you need it to; always returning to its original shape. Keep tools organized while working on any curved or angled ferrous surface as well.

- **STRONG EMBEDDED MAGNETS**

Stick this to virtually any ferrous surface and tools will stick to it. The grid of magnets helps you stay organized chronologically as you disassemble as well.

- **NON-MARRING TPEE MATERIAL**

Built to be used in all work and storage areas without worry of the holder scratching or denting surfaces.

- **ANY-TOOL, ANYWHERE**

This mat keeps tools accessible and organized anywhere you are working.

- **LOW-PROFILE, WITH A LARGE SURFACE AREA**

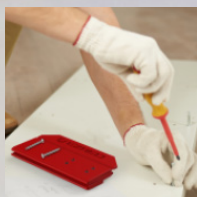

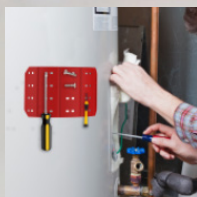

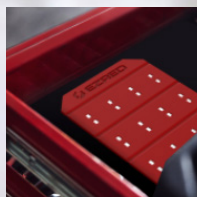

Less than 1/4 inch tall, this mat will fit in tight spaces and is great for storage. 8.75in long x 5.5in wide x .19in thick

- **EASY TO CLEAN**

Soap and water will do the trick.

- **HIGH VISIBILITY**

Never lose a 10mm socket again. This mat comes in high visibility red so your tools are easy to find.
