

Watertown Unified School District

Summer School 2017

***IMPORTANT information for Parochial School Students
enrolling in Summer School***

Summer School runs Monday thru Thursday only. We **WILL** have classes on **Friday, July 7th and Friday, July 8th** as we will be **OFF** Monday, July 3rd and Tuesday, July 4th.

All parochial school students interested in attending Summer School 2017 will need to fill out a new enrollment form. If your child has previously attended summer school, you already have a Skyward username and password; however, your student is **not** enrolled for this summer **until we receive an enrollment form**. You will not be able to schedule classes online until we receive this. If your student has specific health concerns or conditions, there must be a health form completed as well. All forms must be turned in to your child's school by March 10th. After March 10th, you will need to drop them off at Lincoln Elementary School located at 210 N Montgomery Street.

Prior to April 6th, a Skyward log-in and password will be e-mailed to each newly enrolled student (Families having a log-in and password from last year will not need new ones). Parents needing further information regarding Skyward usernames and passwords may e-mail Sharon Zastrow at:
zastrows@watertown.k12.wi.us.

Students in Grades 1 – 12 will attend summer school classes at Watertown High School, and those in Pre-K and Kindergarten will be held at Lincoln Elementary School. Those students enrolling in the Pre-K summer school program should complete the Pre-K enrollment form as online registration is not available for this age group.
