

## TEE OFF WITH THE SEATTLE AREA'S LEADING I.T. EXECUTIVES

Exclusive Corporate Sponsorships available for the

### 24<sup>th</sup> Annual Seattle SIM Golf Tournament

The Golf Club at Redmond  
Ridge August 21, 2017

- **Proceeds benefits both the Ada Developers Academy and Year Up**
- **Network with senior IT decision makers**

Each year Seattle SIM strives to bring value to its members, the IT community and its many partners. As has been a longstanding tradition the SIM Golf Tournament brings together IT business people from across a variety of diverse industries. This setting offers important time to connect, reconnect, network and build strong professional relationships all while playing an exceptional golf course.

Each year we offer a tremendous value to our sponsors – **name promotion, business insight, and development opportunities**. IT decision makers appreciate getting to know our sponsors in an informal situation. We encourage you to consider one of the many partnership opportunities. These are limited and get grabbed up quickly.

SIM remains committed to our community. **The SIM Seattle Chapter provides a generous donation in support of Ada Academy and Year Up from the net proceeds from this tournament.** Ada Developers Academy is a training program located in Seattle, Washington for women and non-binary people who want to become software developers. Year Up Puget Sound is a one-year, intensive training program that provides low-income young adults, ages 18-24, with a combination of hands-on skill development, college credits, and corporate internships in the IT area.
