

HOW TO SHOP WITH TRUNITED

Here is a quick tutorial on all of the ways you can shop with Trunited and get paid back for all of the purchases you make every day. Make sure you go over this guide with all of your new Trunited connections so they can leverage their buying power quickly and easily as well. If you have any questions, just contact your coach and they will help you.

HOW TO FUND YOUR TRUWALLET

Your TruWallet will be where your rebates will be paid as well as the location to fund your Gift Card purchases. You may also use your TruWallet for purchases of Brand Bucks and Autoship products (you can use your debit or credit card for Brand Bucks and Autoship purchases as well)

First, log into your Trunited account, then click on the PROFILE tab. Then select the Fund TruWallet with Zelle tab in the drop down menu.

If you are already enrolled with Zelle® or your bank supports Zelle®:

Add Trunited to your list of payment recipients as:

- Recipient Name: **Trunited**
- Email: payments@trunited.com
- Enter the amount you wish to send: **\$100.00 (for example)**
- Include your unique Reference Number: 123456 **(this is an example, DO NOT USE THIS REFERENCE NUMBER!)**

Your unique reference number will be shown where the example of 123456 appears. This Reference Number reflects your personal Trunited account number, which can be confirmed in the Personal Information section in your Profile

Note: Please ensure this Reference Number is sent with your payment in the note/memo field. If this Reference Number is missing or incorrect, the payment will not be credited to your account.

If you are **NOT** registered with Zelle®, check with your bank or <https://www.zellepay.com/get-started> to check your bank's participation.

GIFT CARDS

The Gift Card section is where you will go to purchase items from all of the large retail brands you always shop at. With stores like Amazon, Starbucks, WalMart, Home Depot as well as many restaurants, you will be able to earn points on just about every dime you spend every month. Truunited has made this much easier and simplified getting the points on our purchases immediately. We now do this by buying a gift card for the store we want to shop at and use that gift card at the store or through their own website. Now there are no restrictions and the points are awarded IMMEDIATELY!

The only way to purchase a Gift Card is by using your balance in your TruWallet. You will NOT be able to use your debit/credit card. To fund your TruWallet, see the section above on the steps using the Zelle app.

BRAND BUCKS

Brand Bucks are another great way to save and earn money back. This is where you will find local businesses as well as brands that have a big internet presence.

BRAND BUCKS	MEMBER PRICE	POINTS	MIN PURCHASE	
\$10.00 + FREE SHIPPING	\$8.00	6	\$35.00	Buy
\$25.00 + FREE SHIPPING	\$20.00	16	\$70.00	Buy
\$50.00 + FREE SHIPPING	\$40.00	32	\$125.00	Buy
\$100.00 + FREE SHIPPING	\$80.00	64	\$250.00	Buy

Here is how it works. You go to the Brand Bucks section on your Trunited site (making sure you are logged in) and choose the store or product that you want to purchase. You will then see a chart like the one above. You simply buy the Brand Buck that you want that corresponds to the minimum purchase you will make. For example, if you were planning to buy \$125 worth of products, you would select the \$50 Brand Buck. Simply click the BUY button and that will be added to your cart. The Member Price section is what you will pay for that Brand Buck, so in this example you will pay \$40 for a Brand Buck that carries a \$50 value. Your Brand Buck will be emailed to you with a one time code for use at that specific business. You will also receive 32 points that will be added to your Trunited account immediately! Just visit that stores website and shop like always. When you are ready to check out, you will enter the Brand Bucks code that you find in your Brand Bucks email. As you can see, each Brand Buck has a minimum purchase that must be made in order to redeem that Brand Buck. In this case, the minimum is \$125, so if your purchase is \$125, you would apply the Brand Buck with a \$50 value and you will have a remaining payment of \$75 to that vendor. As you can see, you will immediately see a savings of \$10, PLUS you would receive 32 points for that initial Brand Bucks purchase.

To purchase a Brand Buck, you may use your TruWallet balance or use your debit/credit card.
