Celebrating 40 Years of Service!

This year, Communities In Schools of the Dallas Region is proud to celebrate 40 years of making a difference in the lives of students and families. Over the past four decades, we've worked tirelessly to keep kids in school and on track for success, and we couldn't have done it without supporters like you. Join us as we commemorate this incredible journey with a year full of festivities and opportunities to give back.

Who You Support at our Golf Tournament

Avery, one of our high school site coordinators, works closely with students to help them develop healthy coping skills by creating a safe space for open dialogue, providing emotional support, and teaching practical strategies they can apply in their daily lives. In school, she helps them focus on mindfulness techniques, stress management, and conflict resolution. Beyond the classroom, she encourages students to engage in physical activities, practice effective time management, and reduce screen time. While these changes can be challenging for some, many students have successfully adopted healthier habits—reducing vaping and other harmful behaviors—while becoming more aware of how their actions impact themselves and those around them.
