

## NATIONAL HUMAN TRAFFICKING RESOURCE CENTER (NHTRC) DATA BREAKDOWN

### *Human Trafficking and the LGBTQI Community*

1/1/2011-12/31/2015

During the five-year period between January 1, 2011 and December 31, 2015, the NHTRC hotline received a total of **246 substantive calls** from transgender and gender non-conforming individuals. Substantive calls exclude hang-ups, wrong numbers, declined calls, missed calls, and calls in which the NHTRC could not determine the caller's reason for calling. During the same time period the hotline responded to **304 cases (incidents)** of human trafficking involving the **LGBTQI** (Lesbian, Gay, Bisexual, Transgender, Queer/Questioning, and Intersex) community in the United States. The following report is based on these calls and cases.

#### LOCATION OF POTENTIAL TRAFFICKING CASES (WHERE KNOWN)\*

\*This map only reflects cases in which the location of the potential trafficking was known. Some cases may involve more than one location and are not reflected in this map.

#### HUMAN TRAFFICKING CASE DATA

NHTRC staff evaluate each request to the hotline for evidence of potential human trafficking. From January 1, 2011 to December 31, 2015 callers, emailers, and webform submitters reported a total of **304 unique cases (incidents)** of human trafficking involving members of the LGBTQI community to the hotline. A case corresponds to an incident of human trafficking. Each case may contain multiple calls about a single incident of human trafficking. The following information is based from these cases.

\*These cases typically involve reports of sex trafficking in which an individual is advertised for commercial sex online but the venue of the sex act is unknown or not specified.

\*\*To protect the identity of the people we serve, the NHTRC does not disclose exact statistics related to trafficking locations, venues, industries, victim information, or caller information referenced fewer than three times.

\*\*\*This typically occurs when a law enforcement agent or service provider contacts the NHTRC for resources and referrals but does not disclose details about the trafficking situation due to confidentiality. This category also includes cases in which the person reporting the information references human trafficking but does not provide further detail regarding the presence of labor or commercial sex. These cases are often submitted to the NHTRC through anonymous online tip reports.

## REFERRAL DATA

The online [National Human Trafficking Referral Directory](#) is designed to provide access to critical emergency, transitional, and long-term social services for victims and survivors of human trafficking. The directory also connects individuals with training and technical assistance and opportunities to get involved in their communities. The directory contains the contact information for hundreds of service providers across the United States and thousands more service providers are accessible by contacting the National Human Trafficking Resource Center.

The following data pertains to service providers that the NHTRC has identified as having a specialization in serving LGBTQI individuals and relates to cases of all types (trafficking and non-trafficking) reported to the hotline from January 1, 2011 to December 31, 2015.

**Important Note:** The data displayed in this report was generated based on information communicated to the National Human Trafficking Resource Center hotline via phone, email, and online tip report. The NHTRC cannot verify the accuracy of the information reported. This is not a comprehensive report on the scale or scope of human trafficking within the United States. These statistics may be subject to change as new information emerges.
