

UCSF Health Outpatient Pharmacies: Providing Holistic Care

UCSF has expanded its pharmacy care services with our new Outpatient Pharmacies at Parnassus, Mission Bay (Bayfront), and Stanyan Hospital and our Specialty Pharmacy.

We are more than a dispensing pharmacy. We provide comprehensive, integrated care. Our system is integrated with Apex, providing you with real-time visibility into your patients' prescription status. Plus, you can easily reach our clinical teams via MyChart, Voalte, or Teams for immediate support.

Explore our enhanced clinical programs:

- Bedside Delivery (Meds to Beds)
- Vaccinations
- Smoking Cessation
- Long-Acting Injectable Administration (e.g., Apretude)
- *Coming Soon:* Medication Therapy Management for Medi-Cal patients, where our pharmacists can conduct comprehensive medication reviews and medication education.

Location	Address & Notes	Hours (M-F)	Hours (Sa & Su)	Phone

When ordering prescriptions, please encourage your patients to fill them at our Outpatient Pharmacies.

- Free CA Delivery: Free home delivery is available anywhere in California, including refrigerated items.
- Provider Communication: Pharmacists use APeX for direct communication to resolve prescription issues quickly.
- Formulary and Medication Access Expertise: Our pharmacy team navigates formulary coverage of health plans and the changing landscape for GLP-1 coverage to find the lowest cost for patients.
- Accepted Coverage: We accept insurance or out-of-pocket payment.
