

Washington Park United Methodist Church

Intergenerational Mission Trip to UMCOR Depot, Salt Lake City, UT

August 6 – August 13, 2017

*this trip will be suitable for most ages and abilities/ families and young children welcome

UMCOR WEST OFFICE & DEPOT

1479 South 700 West

Salt Lake City, UT 84104

WORK

"The typical work week is Monday through Friday from 9am – 4pm. The first day at the Depot includes a morning orientation detailing the work of UMCOR in general, the UMCOR Material Resources division, as well as specifics of working at UMCOR West Office and Depot. Further, it is suggested that a half day at UMCOR West Office and Depot will be spend working off site at another humanitarian agency to be determined by UMCOR West Office and Depot staff. The second half of that day is usually spent sightseeing and recreating.

"Keep in mind that schedules during the week are flexible, but volunteers may work assembling kits in the depot, cleaning the volunteer space, or outside the depot doing work in the community with various service projects. On the final workday, volunteers will gather again for a time of reflection, worship and planning for taking their experience to their home congregations."

-there is also a sewing room for various projects

-work is suitable for most ages and abilities/ any children will need to be supervised by their own parents or guardians
