

The Dream Issue

# JANUARY NEWPORT NEWS YOUR COMPANY'S NEWSLETTER

## Dare to dream

**If you believe it, you can achieve it.**

How does a rancher in Texas and a hotelier in West Virginia form an award-winning hospitality management company in 32 years? For Newport Hospitality Group, it is traced back to genius business developers who dared to dream.

All great things start with a dream. The dream becomes a vision. The vision transforms into a plan. Then the plan becomes a reality. Our industry has an abundance of overachievers who dare to dream.

**Let our Dream Issue be your guide in making your dreams come true. Whether building your dream team, finding your dream plan, or realizing a goal (like participating in Newport's new LEAP program), you'll be inspired by our Newport community, who have put in the hard work and found the determination needed to make their dreams come true.**

Yes, dreams come true but only for those who genuinely want them. What are you dreaming about in 2023?

**Happy New Year,**

*Wayne*
