Winning the Labor War: Moving from Compliance to Commitment

It's difficult to continue providing quality service if your people aren't motivated, or worse, if you're turning your people over. Experienced managers know we don't have the same "hold" on our employees as we used to. The data shows the new generation is less committed over the long term, more mobile and has more options. In this program, international leadership speaker David Rabiner tells you how to change your approach so that your employees aren't just compliant, but they are committed to you. More importantly, David will teach you why great managers and supervisors struggle with demonstrating today's important qualities and how to overcome those obstacles. You'll leave with the foundation for your own personal plan and the incentive to implement it.

10:15 AM - 11:30 AM

Mark Kowalski
Envise Partners

This program will move Sales Managers to the upper level of their profession!

Employer-sponsored healthcare continues to be a financial challenge for many organizations. As costs continue to increase, so too does the impact on culture, growth, and EBITDA. This session will reveal strategies to identify cost drivers, quantify them, and prioritize solutions. These strategies offer employers the ability to manage their own specific "supply chain" all the while curbing volatility and improving the bottom line.

Featuring TWO Keynote Speakers!

Steve Gilliland

Steve built a multimillion-dollar company from the ground up on the same philosophy he expounds to his audiences. If you continually learn more about your company, your industry, your customer and yourself, you will always be a leader. You will be purpose-driven rather than process-driven, and you will make a difference. His motto is straightforward: "If you take care of people, the business will follow." He has been recognized by Who's Who for Speakers and Business Professionals. Recognized as a master story-teller and comedian, Steve has the distinction of speaking in all 50 states and in 15 countries. In addition to his speaking career, Steve is a prolific, accomplished author, evidenced by four of his books—(*Enjoy The Ride, Making a Difference, Hide Your Goat and Detour*)—perennially making the publisher's best-seller list and his being named Author of the Year.

David Rabiner

David Rabiner is a leadership speaker, trainer, facilitator, and executive coach, and he has been presenting worldwide since 1993. His body of work includes over 2,200 presentations in 13 countries and 46 US states. David's presentation style is quick, powerful, and funny, and his quarter century of experience gives him a perspective of leadership and performance that a few can offer. Most important, David's programs create personal change, which is the hallmark of speaking excellence.
