

I moved to North Carolina from Florida to be near my youngest daughter after my husband of 47 years passed away. I fell in love with St. Mark's the first time I attended over two years ago. It was the warmth and friendliness of the people that drew me in. I love the community and the opportunities to do God's service it provides. I have enjoyed gathering at WINE, women's retreat, supporting friends at the theater, preparing food for families, and many events throughout the year. I am a retired elementary and early childhood school teacher, which led me to volunteering at La Escuelita preschool. This involvement has been both meaningful and rewarding.

I hope to continue my journey of prayer and service at St. Mark's for many years to come.
