

SCHOOL SPIRIT!

What do we remember best about our schools?

Our friends, those moments of connection, the surprises that come from interactions and community!

We remember those shared events and life-changing moments!

We prayed, we cheered and we cried together!

H is for Honor
C is for Community
H is for Heritage
S is for Scholarship

What does that spell?
**HOUSTON CHRISTIAN
HIGH SCHOOL!**

In past years, up to 76% of our students found success both on the field and in the arts – this translates to students who are well-rounded managers of their time, energy and schedule. These students are interested in communication at different levels. They connect with each other as teammates, leaders, champions and competitors who have braved all weather, competitors, deadlines and challenges together!

How can we make this experience for our student athletes safe and inviting...

We seek renovated locker rooms for female and male athletes - \$650,000

URGENCY – In these times when safety and health have an increased and essential focus, it is extremely important that we have clean surfaces and furniture that allow us to provide the safest environment for our athletes. Anti-microbial materials, newer paints and airflow will make the difference as we reopen this year.

Houston Christian, as a member of the Southern Preparatory Conference, competes at the highest level. Our students are competitive and focused, whether they are varsity, JV or participating for fitness and fun. To further encourage these activities, HC committed to providing a top-notch athletic facility and has taken the steps to improve and enhance its facilities.

Please help us reach the final step to provide locker facilities that fit our focus and standards!

- ✓ **Step 1** A state-of-the-art Strength and Conditioning Center – The Harrell Family
- ✓ **Step 2** A new track and field facilities that help athletes reach their PRs!
- ✓ **Step 3** A grass field that is built on a substrate that enhances activity and reduces injuries
- ✓ **Step 4** A beautiful, dynamic and functional scoreboard – The Russ Allen Family

FINAL STEP Girls and Boys Locker Room facilities – **NEEDED!**

Please help us go from this...

to this in both the girls' and boys' locker rooms!

"We are at the early stages of building a first-class experience to HC student-athletes. Paramount to this experience are the athletics facilities. Our Harrell Family Strength and Conditioning center is state of the art, and many of our team game fields are second to none. One area that not only enhances this experience, but also helps to attract the top students, are the locker rooms. Currently, our athletic locker rooms have not been updated since they were built, and with the consistent, year-round use, these areas can become more functional, and more appealing. Improving the locker rooms will have an impact on every current team, and every current player, as well as those to come for many years. This project is crucial to providing a first-class experience to our student-athletes."

– HC Dave Kinard, Athletic Director
