DEMOCRACY & VOTING SCORE

For the second year in a row, CTLCV has tracked and scored voting rights bills. This is an area where CTLCV's mission overlaps with other areas to advance climate action, democracy, and equity. Policies that improve easy access to voting ensure that more voices are included in the democratic process. The more people vote, the more lawmakers will listen to their concerns, the more they will hear that climate justice and the environment are important issues they must address.
