

## REQUEST FOR PROPOSAL

# RIHousing Health and Housing Pilot Funding

RIHousing's Health and Housing Pilot Funding seeks proposals that will support programs created in partnership between RIHousing-financed developments and healthcare organizations to co-locate or care-coordinate healthcare services to improve health outcomes for residents. Now in its second round of funding, the goal is to provide healthcare services and care coordination to help residents stay healthy and stably housed.

- Approximately \$500,000 available
- 2-3 projects to be funded over 3-year period

### ELIGIBILITY:

- Applicant must be a RIHousing-financed development in partnership with healthcare entity
- Care coordination or co-location of healthcare services must be administered on-site
- Funding can be used for program implementation and operations
