

“Silhouette Art”

At Hunterdon County Senior Center

With Leora Shahay

Leora is a retired Horticultural Therapist who worked at Parker Health Group for 17 years, providing a wide variety programs for the residents. Leora also worked with the Somerset County Parks Commission in Therapeutic Recreation where she developed and implemented recreation and leisure programs and horticultural therapy programs.

Since the 1500's, silhouette portraiture was the only way to create an image prior to the invention of photography. Join us for this creative program using a variety of silk materials, including flowers, ribbons, and beads, to create a beautiful, and unique work of art.
