

Diamond Bracelet

6 Grams CM Diamond (CMA)
8 Grams CM Diamond (CMB)
2 Grams 11/0 Demi Round
2 Grams 11/0 Toho Seed Bead
3yds One G Thread
Size 12 Beading Needle
Clasp of Choice
Jump Rings

1. Thread a needle onto one end of a piece of one G that is approximately 3 yards long. Thread on one CMA left hole, one CMB right hole, one DR, one 11/0, and one DR. Let these beads fall. Leaving an 8 inch tail go down through the open hole of the CMB you just threaded on.

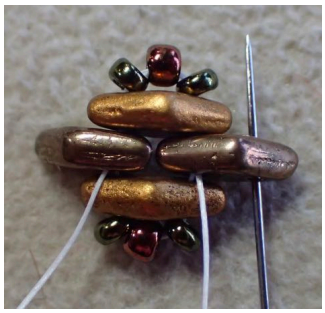

2. Thread on one CMA left hole, one CMB right hole, one DR, one 11/0, and one DR. Let these beads fall. Go through the open hole of the CMB just added, and then straight up through the CMA right hole and CMB left hole.

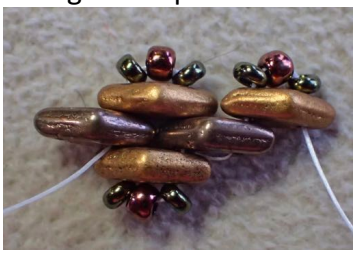

3. Continue on through the next DR, 11/0, DR, CMB right hole, CMA left hole.

4. You now need to “step up.” To do this take your needle and go up through the open hole of the CMA your thread is currently exiting.

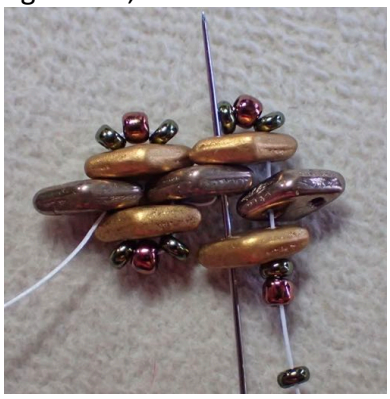

5. Thread on one CMB left hole, one DR, one 11/0, and one DR. Let these beads fall. Go down through the open hole of the CMB.

6. Thread on one CMA left hole, one CMB left hole, one DR, one 11/0, and one DR. Let these beads fall.

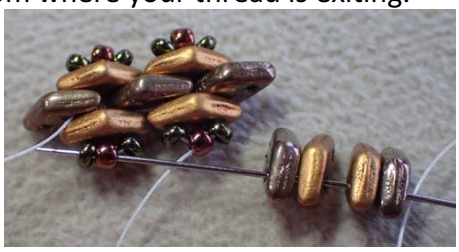

7. Go up through the open hole of the CMB just added, then straight up through the CMA right hole, and CMB left hole.

8. Continue on through the next DR, 11/0, DR, CMB right hole, CMA left hole, CMB left hole, DR, and 11/0.

9. Thread on one CMA, two CMB, and one CMA. Go through the 11/0 and DR across from where your thread is exiting.

10. Continue on through the beads to exit the 11/0 on the other side of the piece.

11. Thread on one CMA, two CMB, and one CMA. Go through the 11/0 and DR across from where your thread is exiting.

12. Continue through the CM's and one DR.

13. Thread on three DR and go through the open hole of the CMA.

14. Thread on one 11/0 and go through the next CMB. Repeat once more.

15. Thread on one 11/0 and go through the next CMA.

16. Thread on three DR and go through the next DR.
17. Continue on through the CM's and one DR.

18. Repeat steps 13-16.

19. Continue on through the CMB and CMA.

20. It is now time to "step up." To do this go up through the right hole of the CMA.

21. Thread on one CMB left hole, one DR, one 11/0, and one DR. Let these beads fall. Go through the open hole of the CMB just added.

22. Repeat steps 2-20.
23. Repeat steps 21 & 22 until you have reached the desired length of the piece.
24. Once you've completed the last repeat, stitch through the beads to exit as shown:

25. Thread on one 11/0 and go through the next CMA.

26. Continue on through the outer beads to exit the next CMA.
27. Thread on one 11/0 and go through the next CMA.
28. Repeat to add 11/0's in the spaces along both sides.
29. Once you've gone all the way around step up through the last CMA added.

30. Thread on eight DR's and go back through the same hole your thread is currently exiting to make a circle. Reinforce several times and then tie off the thread.

31. Thread a needle onto the tail thread. Step up with this thread.

32. Repeat step 30 on this side of the bracelet.
33. Use jump rings to attach your clasp to each end of the piece.
