Inspiring Hope: Families Share their Stories

Speakers: ***A Panel of Families Sharing their Journeys***

Loving and supporting someone with serious mental illness brings its own unique challenges and opportunities, including understanding a loved one's experiences, navigating the complex mental health care system, and learning how best to help. Please join us to hear directly from several Middlesex County families about their journeys, what gave them hope to keep moving forward, and what they have learned along the way. The presentation will include the families and loved ones sharing their stories as well as opportunities for the audience to ask them questions. Don't miss this inspiring session! Families and loved ones with mental illness are welcome.

Register in advance for the November 6th event at:
