

Back-to-School

Vehicle Maintenance Checklist

- ✓ Under the Hood:
 - Check all of your fluids: engine oil, transmission, coolant, brake and power steering fluid
 - Check the life of your battery
 - Check for leaking fluid
- ✓ Tires:
 - Check for uneven tread
 - Use the penny test to check for enough tread: if Abe's head is covered at all, you are good!
 - Check pressure
- ✓ Check all lights
 - Headlights, taillights, fog lights, all turn signals, emergency flashing lights and brake lights
- ✓ *If you are going off to college, research to find a trustworthy mechanic close to campus. Have a plan in place before you need it!*
