To: Hospitality Customers

From: BCLIQUOR stores

Re: Implementation of quantity limits at BCLIQUOR stores

We recognize the BCGEU job action that has closed the BC Liquor Distribution Branch's distribution centres is concerning to industry partners, vendors and other customers.

We are conscious of growing supply constraints and want to do what we can to ensure equal access to product for all customers during the BCGEU job action.

Please be advised that, effective immediately and until further notice, quantity limits will be placed on all products, excluding all beer products (import and domestic), available via BCLIQUOR (BCL) stores until the LDB's distribution centres resume normal operations.

Hospitality customers and retail customers will be limited to three items per SKU, per day. This includes refreshment beverage products that come in 4-packs, 6-packs and other formats.

Our partnerships are very important to us, and we are committed to delivering our services to our customers and industry partners.

The implementation of modest quantity limits is intended to support the availability of liquor products for hospitality and retail customers while the LDB's distribution centres continue to be impacted by job action. This measure will support equal access to product to ensure service for as many customers as possible.

We acknowledge the impact this activity will have on you and your business, and we apologize for the inconvenience.

We commit to providing updates to industry on potential impacts as they become known.

We hope to resume these services as soon as possible.

Thank you for your patience and understanding.
