Art in the Garden Exhibit - Bursts of Color by Karen Sewell

Now featured are the beautiful works by Karen Sewell featuring oils, pastels, and more!

“My work reflects my life, my values and is my passion. Inspiration comes from observing the small vignettes of everyday life.

These stories are nostalgic reminders of where we come from and hints of where we are going. I am a founding member of the Floyd Artists Association LLC and instruct students in pastels, oils, and color theory.”

Through September 30th

Everyday, dawn to dusk

FREE

Simply Elemental Outdoor Art Exhibit

Come see a large art exhibit of one of a kind collections by regional artists, now on display through-out the Hahn Horticulture Garden! Each piece is thoughtfully placed to catch the eye, ignite the mind, and inspire the spirit. Also featured are nine interactive art displays to entice the senses.

Late Summer Floral Arranging Workshop

Join us for an evening of walking in the garden and flower arranging! We'll learn from Hahn Horticulture Garden's Education and Outreach Coordinator, Stephanie Huckestein, about growing ornamental grasses and several other wonderful plants that can be used in late summer floral arranging. And we'll learn how to create a compote style flower arrangement from Jody Strom, owner of The Moss & Rose, using greens from Hahn and locally grown flowers from Stonecrop Farms. All floral arranging supplies will be provided along with a light snack and beverages. Register by September 20th by emailing Stephanie at vtgarden@vt.edu.
