Upcoming Recruitment and Career Events
Week of November 8th – 12th

CareersNOW! - Student Career Mentorship – Product Development/ R & D
November 9th 4:00 – 5:00PM

Food Technologists, Product Developers and R&D professionals are responsible for creating the food and beverage products available in grocery stores and restaurants. CareersNOW! Is thrilled to host an interactive mentorship session where guest speakers who currently work in the industry will describe their career journey, motivations, and aspirations in the food & beverage industry. Each will share 'nuggets' of wisdom that helped them decide what their career goals were and how they achieved them!

Virtual Speed Networking Events
November 10th, 1:00 – 3:00PM

If you're looking for a career path that offers variety, flexibility, above average advancement and a real sense of community, then there could be a career with your name on it in Canada's property & casualty insurance industry. This session will give an overview of what the industry has to offer and engagement with representatives from some of the industry's top employers. This niche style virtual networking event will ensure you broaden your understanding of careers in insurance, get your questions answered, and that you have the chance to meet with each industry Ambassador in attendance.

Canada Revenue Agency – Information Technology Branch
November 10th, 5:30 – 7:30PM

The CRA offers a variety of apprenticeships and developmental programs for students and recent graduates: all designed to offer hands-on work and educational experiences. We have supportive networks and mentors, and offer training programs to help employees strengthen their existing skills and learn new ones to excel in their career. If you are looking for meaningful work and the chance to grow professionally, consider the Information Technology Branch at the CRA. During the session, you will have an opportunity to hear from a recent graduate working at the CRA and connect with our CRA Ambassadors to answer your questions in break-our rooms following the presentation.

Student target: Computer Science, Computer Engineering, and Software Engineering

Careers in Insurance: A Celebration of Diversity & Inclusion
November 12th, 12:00 – 1:30PM

Career Connections, a division of the Insurance Institute, is a career awareness program aimed at encouraging young adults and career seekers to purse one of the many skilled professions available in the insurance industry. We have the tools and resources that help you explore and understand how you can find your place in insurance. This event is aimed to draw diverse members of the community to get up close and personal with just a few of the companies looking to attract and hire candidates from diverse backgrounds. Learn about some of the industry professionals at AIG and partners at this event. There's also tremendous variety in the career paths that are available- Risk Analysis, Business Development, Claims, underwriting, Actuarial, Sales and Services, Data Analysis, HR, IT, and more.
