

GCS OneCard Information

(from the Office of Mrs. Francisco, ORES Principal, February 17, 2019)

Guilford County Schools is implementing a new student ID card called the GCS OneCard. Our students will be receiving the OneCard on March 4, 2019. Students will display the card on a lanyard provided by the district. These lanyards are break away lanyards so they are safe for students to wear throughout the school day.

Based on the GCS policy for One Card, students will be required to wear the ID card at all times while they are at school. This is an important safety measure that will help us know who is in our building. The card also makes it more convenient for students to check out library books and to purchase meals from our cafeteria. In the future, it will be used to enter and exit busses and check out library books from the local public libraries.

Again, based on the GCS policy, wearing the card is mandatory for all students. For the remainder of this year, our elementary students will pick up and put on their One Card when they enter the classroom each morning and the teacher will collect the card prior to the dismissal bell. We will be teaching our students the remainder of this year how to properly wear the card so that it is always visible. We appreciate your support as we take this important safety measure.
