

ONLINE PLATFORMS

- **GOOGLE MEET** serves as a virtual place for instructors and participants to meet every week. A link will be provided on Wednesday, March 31st, when a reminder email will be sent.
- **GOOGLE CLASSROOM** serves as the online platform to house class information such as announcements, class syllabus, grades, and where weekly assignments are received and submitted. Participants are expected to complete weekly assignments using this online platform.

ASSESSMENT

A combination of formative and summative assessment is used, this includes, but not limited to interactive activities during class lessons; in addition to weekly listening, reading, writing, and speaking assignments assigned by the instructor. These weekly assignments include prompts in various formats via **GOOGLE Classroom** (short answers, identification, open ended answers, reflections, videos, reading activities, etc.) Short quizzes will further monitor progress participants make. Reports of each assessment tool used in the program will be provided to participants.

INTENDED LEARNING OUTCOMES

At the end of Spanish with a Mission [™] program, participants will become familiar with several aspects of the Hispanic culture and should be able to function at their respective language levels: **NOVICE, INTERMEDIATE, AND ADVANCED**, according to the American Council on the Teaching of Foreign Languages (**ACTFL**) standards.

Learning concepts according to level:
