

# flooring solutions for every inch of your cinema

Food and Beverage | Lounge | Lobby | Entryway | Arcade  
Back of House | Walk Off Mats | Wall Covering | Multi-purpose Rooms

## Our full-service flooring solutions include:

- Full custom design capabilities creating the perfect look for your individual space
- The industry's most design-focused custom carpets for public spaces
- Carpet and LVT that meet budget requirements and performance needs
- Broadloom carpet, hard surface and resilient for all the spaces in your theater and cinema
- High-performance carpet tile for the most extreme installation environments
- Walk-off carpet tiles for entryways, keeping dirt and snow out of your property
- Whisper wall covering, a wallcovering that improves interior acoustics for commercial and operable wall applications

## Be the designer of your own theater floor through Canvas:

The Canvas carpet manufacturing innovation allows dye-injection print carpet manufacturing to become an open art canvas where the possibilities of future design are reimagined for custom carpet manufacturing. Concepts that seemed impossible can now be explored with this technology. Canvas clearly translates, leaving little-to-no interpretation from the art medium - painting, drawing pad or photography - to the carpet. Canvas pushes the boundaries of custom carpet design, giving designers the freedom to create custom flooring without limits. For details contact a local Shaw Contract account manager.
