Those with modified adjusted gross income (MAGI) above 400% may qualify for tax subsidies if the cost of the benchmark (i.e., second lowest cost) silver plan in their zip code exceeds 8.5% of their income.

An individual must have household income of at least 100% of the Federal Poverty Level to qualify for a subsidy. Here is a [comparison](#) of the 100% FPL levels between 2023 and 2024. As an example, a single individual must project earnings of at least \$14,580 (\$990 higher than in 2023) to qualify for a subsidy.
