

PUBLIC WEBINAR

CALIFORNIA
ACCESS COALITION

The Utility of Long Acting Medications During COVID-19 and Beyond

Please join the California Access Coalition and Janssen Pharmaceutical Companies of Johnson & Johnson for a public webinar about the efficacy of long acting medications (LAMs). This webinar will highlight the utility of LAMs with leading experts in the field including representatives from: Substance Abuse and Mental Health Services Administration (SAMHSA), National Council for Behavioral Health (NCBH), National Alliance on Mental Illness (NAMI), and CAC Corporate Partners' physician and researcher representatives. Attendees will learn how LAMs can serve as an optimal treatment modality for a variety of disorders during and beyond the COVID-19 pandemic.

August 10, 2020

10 AM - 12 PM PT
