Registration link: <https://beav.es/39h>

Market and commission update – Amanda Hoey (Oregon Wheat)

Winter and spring variety recommendations – Ryan Graebner (OSU)

Best practices for strong yields and pest management – Nicole Anderson (OSU)

Registration details:

The webinars are free, but participants **MUST** register in order to provide your ODA license number and get credits. Registration takes just a second and you can do this up to the day of the webinar. The webinars are not linked so you will need to register for each webinar that you are attending. Only attendees who have registered **AND** attend will get ODA credit. If you have trouble registering or have additional questions, please contact Betsy Verhoeven at 503.779.8217.
