

Chairman Highlights Key Sectors and Objectives

Alex Williams 2023-2024 Chamber Chairman

It is a pleasure to serve as Chairman of the Greater Enid Chamber of Commerce over the next year. Enid is where my family and our businesses choose to invest. We have some of the greatest supporters, ambassadors, volunteers, business owners, and public servants that our community could ever hope to see.

Our community has a tailwind of momentum that we will continue to build on over the next year. From the 'State of the Art' Advance Soccer Complex to No Man's Land Beef Jerky, investments are being made to Grow Enid. The Chamber is actively marketing the accomplishments and activities that we are blessed to have in Enid.

Our momentum doesn't stop there. Our education and workforce development are being built through Autry, Northwestern, and NOC. We continue to have a voice in state legislative initiatives through active and accessible representatives and senators. There has been an emphasis made to increase Enid's retail market share as we work towards our Billion by 2025 Plan. The growth on West Garriott, coupled with the Downtown Development has our community on pace to reach that goal.

Our City Commission continues to make investments in the future through the Kaw Lake Water Pipeline as well as investments into our infrastructure. Our relationship with Vance Air Force Base is an emphasis as we continue to support programs for new student pilots, enlisted men and women, as well as the expansion and renovations at Woodring Airport. We are also becoming an energy hub that has seen almost 2 billion dollars invested into Wind and Solar Energy.

We will continue to work hard over the next year to promote Enid as a Business-Friendly Community that is attractive to families and companies. This would not have been possible without your support and participation. Thank you!
