Leadership Greater Enid

CLASS XXXI

Whitney Winter

Hometown: Dodge City, Kansas

Family: I'm currently engaged. No kids yet but we do have the cutest Vizsla puppy - he has lots of energy and keeps us busy!

Occupation/Profession: I work at the Bank of Kremlin. My day to day function varies but my primary role is to create cohesiveness throughout the bank through communication, relationship building and strategic planning.

What is the best piece of advice you have ever received? "Enjoy the process" - this is something I frequently remind myself as it's easy to get caught up in the end result or completing a goal but truly enjoying the journey to get there is quite essential to my happiness and sanity!

What qualities do you look for in a leader? I look for someone who is confident in themselves and their work, an effective communicator, follows through on commitments, and leads by example. There's plenty more that goes into determining a person's ability to lead, but these are a few core qualities I believe a leader should possess.

If you could only eat one item of food for the rest of your life, what would you eat? Tacos!

Favorite thing about Enid? I'm fairly new to the area but so far the community here has been my favorite part. There's so many wonderful people who reside in Enid and it has made all the difference as we continue to settle in and make Enid our home.
