

LGE

Leadership Greater Enid

CLASS XXXII

Brent Nicholas

Hometown: Enid, Oklahoma

Family: It's just my dog and I at home right now. I have a 5 month old yellow lab puppy named Sage and have been dating my girlfriend Arden for one year.

Occupation/Profession: I work at Great Plains Bank as a loan officer, handling commercial and consumer requests.

What is the best piece of advice you have ever received? My father once told me, "The squeaky wheel gets the grease". I have found this to be true time and time again.

What qualities do you look for in a leader? Confidence that translates to resilience are qualities I look for within a leader.

If you had to delete all but 3 apps from your smartphone, which ones do you keep? It'd be tough to go without my weather app, camera, and maps app.

Favorite thing about Enid? My favorite thing about Enid is it's uniqueness. Enid has a big city and small town feel at the same time.
