

## Anti-Israel Activity in New York City: November 16-18

### "Protest Target" Maps

On November 15 and 16, an NY-based anti-Zionist group, Within Our Lifetime (WOL), published three lists of Israel-affiliated organizations and corresponding maps of their office locations on Instagram. These posts identified these organizations as "protest targets," calling on readers to protest and drop leaflets at these locations. WOL has published such maps in the past.

The Community Security Initiative (CSI) is in close contact with the NYPD, elevated these maps directly with NYPD's Intelligence Bureau upon their publication, and is actively monitoring chatter for any specific protest plans. Early this afternoon, NYPD issued a statement indicating that they're aware of these maps and will be deploying the appropriate resources in the vicinity of the locations listed on the maps. At this time, **there are no known credible threats to these institutions or specific plans to protest them.**

### Upcoming Large-scale Protests

In the coming days, CSI is aware of planned large-scale anti-Israel protests taking place in New York City. Below are those that we assess will be the largest. **While there are no known threats to the Jewish community at this time, we recommend avoiding these areas during the scheduled protests.** NYPD is aware and will be deploying the necessary resources to maintain the community's safety.

- Thursday, November 16:
  - o 4:00PM, Washington Square Park, Marching to Unknown Location
- Friday, November 17:
  - o 2:00PM, 40<sup>th</sup> and 3<sup>rd</sup> Avenue, Marching likely to Bryant Park
