JESUS IS LORD TO THE GLORY OF THE FATHER

Satan wants to entangle you with the cord of peacelessness & hatred. Do not permit him to prevail. Fight for the holiness of every life. *(Our Lady in Medjugorje, July 25, 2025)*

CAN TIME GO ANY FASTER???

As the calendar piled up, the time to do it all went even faster! The Divine Adoration Conference was a great success after months of preparation & especially prayer. Fr. Trevor Nathasingh once again graced us with his wisdom, his insight, his foresight & his humor. We are in for some tough times & we need to get our souls ready.

It was a full house & the focus was, as always, with this group on Jesus whom they adore every Saturday except 1st Saturday from 3-6PM.

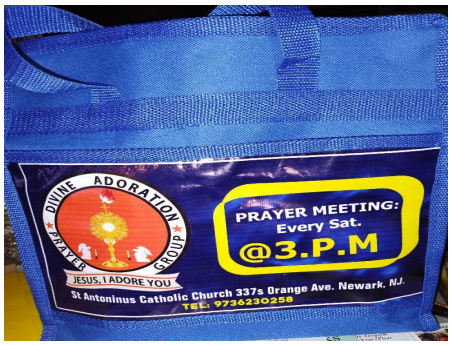

The praise & worship was powerful; the children did a beautiful presentation which touched the hearts of all. The children did the readings at the Mass & they were excellent. We need to use our young ones 9-12 to minister to us all. They had been well trained & the delivery was impeccable.

CAN WE GET ANY BUSIER???

The movers & the shakers of the event were duly recognized & appreciated. The registration people did a great job preparing the packets for each attendee with booklets, Daily Mass readings, notebook & pen. Even the

beautiful bags were a walking invitation to the prayer group. Every detail was worked out with great precision & generously shared with all the participants who were surprised & very grateful to receive them. So come & see what inspires these faith-filled people to outdo themselves in service & generosity. HE is enthroned on the altar so come & have a personal encounter with HIM & hear the many testimonies of what HE is doing in the lives of those who come to adore HIM.

PRAISE GOD!

THEN ON SATURDAY CAME THE FESTIVAL OF PRAISE & WORSHIP LED BY THE REAL LOVE MINISTRY.

Fr. Boniface Anusiam, who lived at St. Antoninus, was the guest speaker. The people were many & open to receiving the message. The music ministry was outstanding again as they had also played for the Divine Adoration Conference. The Igbo choir from Blessed Sacrament joined us with a rousing program of praise & worship that had people gratefully attentive.

And overseeing it all was Our Lady peering over her Son as she watched & delighted in her children praising & worshipping Our God.

A powerful rendition of the Our Father was rendered by one of the many participating guests & hearts were moved to a new depth & appreciation of the prayer we dare to say. The Finale, you needed to be there to appreciate. All were invited to sing in worship Handel's Hallelujah chorus & we were on another plane. It was phenomenal! There are no words to express the power & sincerity & reverence of that sung Hallelujah to God.

IN THE COURSE OF THIS VERY BUSY MONTH….

…we were graced with the visit of Cardinal Simoni from Albania. The 97 year old prelate had been imprisoned in Albania for 23 years under the Communists. He is probably the foremost exorcist of our time & was commissioned by Pope Francis to travel the world doing exorcisms in different parts of the world, At a recent conference in NJ, he prayed an exorcism over the whole world. He then wanted to travel to different cities in the US to do the same in each city. He started with Newark at St. Antoninus where he came to celebrate Mass & pray with the people here. As God would have it, recently appeared on the scene here was a young man named Dasaret Cefa who happens to be from Albania & it turns out had lived in the same neighborhood as Cardinal Simoni! So Dasaret translated for the 97 year old Cardinal while he was here.

SO WHAT'S NEXT???

We started the month of August with the Mass to honor God the Father as HE HIMSELF requested in His revelations to Sr. Eugenia Ravasio is the 1930's. We have honored that request here for the past 20 years or so.

Next on the agenda is Harvest 2025. Sign up now for your Sunday's family thanksgiving.
