

# SAINT ANTONINEWS

Volume 19 Issue 1

February 2025

**JESUS IS LORD TO THE GLORY OF THE FATHER**

## **FOLLOW ME!**

### **OOPS...YOU GUESSED WRONG.**

Ash Wednesday & Lent do not come into the picture until Mar. 5th which is Ash Wednesday. Even though it feels like Lent with all the convulsions of nature, the mysterious fogs permeating so many states & threats of more pandemic type behavior with new strains of viruses causing a run on hospitals & doctors' offices...& oh yes, the cold. So many respiratory problems, some of which are coming from the air we are breathing through the fog which in some places is manifested in visible particulate form. Is it any wonder there is so much sickness? Wonder who could be behind all that? Even mother nature is not that vicious unless it is being tampered with by malicious parties bent on depopulating the earth.

But we know Who really runs the universe & His plan of redemption & sanctification will not be denied. True, we will have to go through a tumultuous purification for the gift He wants to give humanity, we are not yet disposed to receive. We need to be purified, so as painful as the process is, we need to cooperate with it & divest ourselves of all the interior garbage we have accumulated over the years; the things we want to repress & never bring to mind. He wants to bring it to the surface of our conscience so we can take it to the sacrament He instituted for that purpose & as things transpire we will come to a much greater appreciation of our privilege of being Catholic, having access to the graces that come through the sacraments & which we will need to get through the tribulation we are starting to experience that will enable our souls to be bathed in hope in the midst of breakdown & devastation.

### **LET US NOW HONOR A FAITHFUL SERVANT.**

It was a major milestone for a very holy lady as folks gathered at her assisted living facility to help her celebrate 80 years of life. Vione had suffered an aneurism early in life which made getting around & functioning more of a challenge than the rest of us experience. But that did not daunt her in the least. For years she drove to St. A's, was very active in the Women's Share group that met for years here. She held down a job & raised a son as a single parent. Undaunted by the challenges she faced she pressed on & entered in to whatever environment she was in from her own apartment which she had for years to the rehabs she frequented over her life. She participated in every activity & brought joy & laughs to all around her to say nothing of the admiration that all have for her. She cooked dinner for her good friend every Thursday & he continues to visit her every week. She currently resides in a nursing home in W. Caldwell called Complete Care & visitors are more than welcome. The tributes about Vione were very moving as everyone took a turn honoring her. She was lauded for her indomitable spirit that has carried her through 80 years of a very rich life, closely linked to the Lord she loves so much. When she couldn't quite cope with all the changes, He carried her & it was her faith in

PELOQUIN, VIONE

Him that brought her to the celebration of 80 years of fruitful life. May God continue to bless you. We love you. This is a current picture of Vione. The one above was taken from a directory in the days of Fr. Paul Lehman. She is as beautiful & vibrant as ever.

## THEY PRAYED FOR REVIVAL & IT CAME!!!

Every Wednesday night at 6PM the Divine Adorers gather in the Guadalupe Chapel to pray for revival. They pray in front of the exposed Blessed Sacrament for an hour begging the Lord to send revival to their group & bring more people to come worship with them. Well they prayed & God answered in a much greater way. They prayed here in Newark in solidarity with the many throughout the world begging the Lord to intervene. Well did He ever! Prayers went up from all over the world & He poured down revival. Where? Did you catch it? It was on the feast of St. Brigid of Ireland on Feb. 1 & over 5,000 people poured into the streets for a Eucharistic procession that went on for hours. People prayed & sang &

stopped to pray the rosary often led by the children several times during the procession. They processed through all the areas of the "Troubles" where so much violence & hatred had prevailed in Northern Ireland.

No only that...other parishes throughout Ireland joined them by holding processions in their own counties. Not only that, people flew in from America & elsewhere to join them in procession. Not only that, it spread to 65 countries on 5 continents with sites all over the world holding processions in synchronization with the events in Derry. If it was night where they were, they held all night vigils & Adoration. Did you catch it?! Google "Derry Eucharistic Procession" watch as many videos of it as you can. It was a sovereign move of the Holy Spirit & in one video there was a dove hovering above that was not superimposed as the video had just been taken.

So God is moving & is calling us to Follow Him which was the name of the event. Time is roaring by & the only thing that matters in these momentous days marking the end of one era & the beginning of another is the salvation of souls. A great purification is what we are starting to experience & has been experienced by saints throughout the ages & will involve chastisement as too few are responding to the warnings Heaven has sent us through Our Lady: an urgent call to repentance & reparation. We are so privileged to be Catholic to avail ourselves of the healing remedies of Confession & Eucharist, major channels of graces we all need NOW.

## ARE YOU HEEDING THE WARNING?????

Here is the calendar for the BLD LSS'S & Encounter weekends which are excellent means of drawing closer to God as He draws closer to you on these weekends...tangibly so.

Youth Life in the Spirit Seminar: Mar. 14-16, 2025

Adult Life in the Spirit Seminar: Apr. 4-6, 2025

Marriage Encounter: May 17-18, 2025

Singles Encounter: June 6-8, 2025

Solo Encounter: June 28-29, 2025

Youth Encounter: July 18-20, 2025

Adult Life in the Spirit Seminar: Oct. 24-26, 2025

Mark your calendars NOW & resolve to get yourselves there IF we will still have such opportunities available to us.

It is critical that the youth ages 13-19 make the upcoming Youth Life in the Spirit for it is the current youth who will be called by God to usher in the great gift of peace & glory in the way of a new Pentecost which will follow the dire tribulation that it is coming to purify all the souls of the world to wake them up to the reality of God & their need to make a choice: heaven, hell or purgatory. He will make them know where they are heading when He shows them their souls the way the Father sees them. He will show them the good they didn't do & the evil they did. They will need to take all He shows them to Confession immediately to get them into the state of grace. This applies to all of us. Get to Confession NOW as priests will be hard to find what with so many seeking Confession after the Warning.

The shepherding aspect of the Youth LSS has started. This is critical as a teen who has made the YLSS will guide your teen through the whole process. Teens need teens & this weekend is given by teens, for teens & with teens. They are the only ones who can effectively minister to our teens today as the world they live in is foreign territory to the rest of us. They are up against vicious attacks by the evil one who wants their souls & he has surrounded them with endless distractions to keep them from coming close to Jesus. There are no distractions on these weekends. They are totally focused on the Lord. And if we are to get through the coming tribulations, we all must be focused, focused, focused on God.

There will be a remnant as there was in Noah's day...8 in all. The rest of the population drowned. This time, the purification will be by fire & IF we are in the state of grace & practicing our Catholic faith, we will have nothing to fear for we will experience the fire as the fire of His love & if we physically perish, we know where we are going...home to our Father. Many in the world will perish in the inferno that will fall upon the earth. Inform yourselves & warn others. Google: "Illumination of Conscience" & read more about what it is, how many in the past have experienced it & how all of us are about to experience it very soon.
