Volume 16 Issue 9

November, 2022

JESUS IS LORD TO THE GLORY OF THE FATHER

**WE FEEBLY STRUGGLE,
THEY IN GLORY SHINE.**

THANK GOD THEY HAVE BEEN CONFIRMED.

It is purportedly said that St. Vincent Ferrer, the Angel of the Apocalypse, said that those who have not been confirmed & received the grace of that sacrament will not get through the chastisements of the end of the age. And it is obvious to all who are paying attention, that we are in the chastisements with the prospects of its getting any better not looking good at all.

Bishop Saporito, who conferred the sacrament on our young people, told them his own story of conversion at 17 which marked the beginning of his ministry. He counseled them to see that this sacrament represents for them a beginning, not an end as so many see it as the end of necessary faith formation. After Confirmation, so many no longer attend Mass & are present, if at all, at their marriage or funeral.

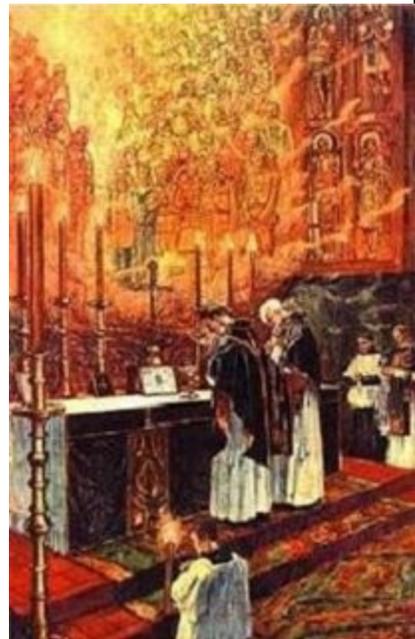

Thank God for the faith formation of their parents who have brought them this far. Young people, this is no time to drop the ball. That would be going AWOL in the Army of God when the stakes couldn't be higher as we are in the final confrontation between good & evil. There is no room for lukewarm, lackadaisical faith in this final confrontation. You have graduated from spiritual boot camp & have been inducted into battalions of God. That goes for all of us who have been confirmed. He is calling up the spiritual guard & we all need to report for duty...forthwith... bearing & using the arms He has given us through His Mother along with the graces of the sacraments He instituted.

THE STAKES OF THE BATTLE BEFORE US.

Catholicism is in the throes of the worse crisis in its entire history. Unless true & loyal Catholics have the zeal & the spirit of the early Christians, unless they are willing to do what they did & pay the price they paid, the days of America are numbered.
(Fr. John Hardon, SJ)

NOVEMBER, THE MONTH OF ALL SAINTS & ALL SOULS.

Some of our brothers & sisters have made that transition & some of us are still on the way. What with all the lockdowns & vaccines that have proven not to prevent the Wuhan virus but have deleterious effects of their own, food & fuel shortages, the passing of many beloveds, economic down turn, inflation, housing shortages, riots & protests in the streets, rampant violence & incivility, silence on the part of those who should be speaking out, it has been a serious wake up call to resist the woke emanating from the pit of hell, making us realize the necessity of getting our souls ready NOW. We are not alone. Father God is

with us always helping us through this necessary correction prophesied in Scripture & described in the Catholic Catechism. (#675) We gather, close ranks & press on, knowing we have a cloud of witnesses who have made it home cheering us on. Things will get worse before they get better because most of the world is not responding to the urgent call for repentance. Out of love, He will up the ante until more are desperate enough to turn to Him such is His love for us....for He wants all of His children to come home to Him.

During persecution the earth is closed off from us, but heaven lies open; the antichrist threatens, but Christ protects us, death is brought on, but eternal life follows. What an honor, what happiness to depart joyfully from this world, to go forth in glory from the anguish & pain, in one moment to close the eyes that looked on the world of men & in the next to open them at once to look on God & Christ! The speed of this joyous departure! You are suddenly withdrawn from earth to find yourself in the Kingdom of Heaven. These are the thoughts you must grasp with your heart & mind & reflect on day & night.

(St. Cyprian)

WOE TO YOU SCHOLARS OF THE LAW!

You have kept the key that opens the door to the house of knowledge; you yourselves will not go in & you stop those who are trying to go in. (Luke 11:52)

As we all know these are critical times while most of the world continues to be oblivious to the spiritual realities of this last & greatest confrontation between good & evil, eternal life is at stake as it always is, but the potential loss of souls is even greater than it was in the time of Noah. The focus of the world is exactly that, focus on a world that is quickly passing away with very deleterious plans to help it along the path of destruction by evil minions dedicated to reducing & controlling the world's population & to put it bluntly, to enslave them. They are pressing forward on every front directed by the prince of evil who was once a prince of angels, even at the highest levels & the evil one is using Masons to destroy the Church from within. How many popes have strongly condemned it, & membership in it for a Catholic was & still should be excommunication for at the highest levels of Masonry, those who are discerned to reach that level, worship satan from whom they get their earthly power. They literally sell their souls to satan for power, riches & success in this world. As this is a demonically designed secret society, those in each level do not know what goes in the next level until they are discerned to rise to the next level. Very few rise to the 33rd degree, the highest level where the real source of power they honor is satan. On the lower levels & in the public eye, they appear as a benevolent society running children's hospitals & sponsoring sports teams, etc. but that is a front to distract from the upper echelons where the prince of evil is enthroned & sworn allegiance to.

Their stated intention is to infiltrate & destroy the Catholic Church from within, the last bulwark of morality in our world because its Founder is Christ Himself. This is the last & greatest confrontation between the 2, God & satan & though we know Who wins in the end, satan uses all the power at his disposal to strike back at the Creator God by stealing from Him as many of the souls of His beloved children as He can such is his fury at being banished from the celestial realm because of his pride.

At stake here are the many souls beguiled by this promise of economic superiority to pull in members into what looks like a fraternal organization...until & if you reach the top; & the price for betraying their agenda is death. Pray for all souls at every level.

BEWARE SCHOLARS OF THE LAW!

Is there to be no development of religion in the Church of Christ? Certainly, there is to be development. But it must truly be development of the faith, NOT alteration of the faith. Development means that a thing expands to be itself, NOT alteration which means that a thing is changed from one thing into another. The faith needs to progress along its own line of development, that is, with the same doctrine, the same meaning & the same import. The doctrine of the Christian religion should become firmer over the years, more ample in the course of time, more exalted as it advances in age.

In ancient times our ancestors sowed the good seed in the harvest field of the Church. It would be very wrong & unfitting, if we, their descendants, were to reap, not the genuine wheat of truth but the intrusive growth of error.

What is right & fitting is this: there should be no inconsistency between first & last, but we should reap true doctrine from the growth of true teaching, so that when, in the course of time, those first sowings yield an increase it may flourish & be tended in our day also. (St. Vincent of Lerins)

MAY THE SIMPLICITY OF JESUS keep us on the narrow road of orthodoxy & truth bypassing all the confusion & division plaguing the world right now. We know Who He is, we know who we are, we know why we are here, we know where we are going & we know Who to follow to get there. Simple.

Thank You, Father, for plunging us in the sea of Your love!

THEY PREPARED, THEY ASKED, THEY RECEIVED & ARE REJOICING.

Some 30 candidates gathered in Divine Mercy Parish on the weekend of the 14th of October to experience the love of the Father in an extraordinary Life in the Spirit Seminar. The shepherding process where they met with a shepherd one on one who led them through the process of delving into any aspects of their lives that could constitute an obstacle to the Holy Spirit opened hearts. The MORE room they could make in their hearts, the MORE room the Holy Spirit had to fill. For several it was an occasion for infilling, having taken the LSS before. They needed a new outpouring to fill in all the damage done by 2 years of lockdowns & fear & anger. They took all they identified to the healing power of confession & entered the seminar as soul-clean as they could make themselves so the Holy Spirit had a lot of filling to do & did He ever!

The flow of events of the weekend was scrutinized & changes were made to facilitate a smoother flow & making better use of time. The highlight in the preparation before the actual Baptism were the incredible witnesses that moved & opened up the candidates as the very courageous witnesses shared their incredible journey with the Lord through some very troubled times. You could hear a pin drop, so well prepared & delivered were they. The heart-wrenching accounts of what they had gone through & had come through through the power of the Holy Spirit were riveting. The pre-baptism reconciliation talk nailed it as the candidates were now as open & docile as they could be & the Holy Spirit did not disappoint as He ministered to each in His favorite operating table, the floor. Why the floor? Because the power of the outpouring could not be withstood standing up.

There were some 12 candidates from St. A's who were blessed out of their socks. They will be sharing at the Wed. night prayer meetings, so come. The FIRE fell...& they caught it.

Lord, we want MORE!
