

The sun is out, the trees are budding, the grass is greening. It's a new season. The Otter Creek golf course is in excellent condition and ready for you. So are our brand new carts.

We are pleased to announce an excellent new team leading our efforts – Wiley Umphress, General Manager; Austin Wright, Interim Head Pro; and Alomar Garcia, Food and Beverage Manager. They will spearhead key efforts on-turf and in the restaurant to deliver on our brand promise of **great value** and **"A championship course everyone can play."** We thank Jon Hoover for his many contributions the past three years as he transitions to a new business opportunity.

For Chamber members, this is a heads up. We will have special offerings for our fellow members shortly. So stay tuned.

But for today there are 3 ways to save at Otter – new local rates, a full season pass and our new twilight pass.

We remain committed to creating value for local residents. As most of you are probably aware, Otter Creek Golf Course is now a 100% city owned and operated facility. It is open to everyone and is between eight and 12 minutes from downtown Columbus. Our friendly staff and inclusive environment await you.

We have taken steps on the course to make it more playable from the addition of forward tees on all nines, to the removal of on-course hazards on the East.

Check out rates for Bartholomew County residents:

- \$49 with a cart weekday; \$55 weekend
- After 2 p.m. is \$39 during the week and \$45 on the weekend
- First Responders, Military and Seniors are \$39 cart included
- **And the Bartholomew County special remains – 9 holes on the East for \$18.50 and \$35 for 18; cart included**

Thank you. Please share this with your friends, customers and employees. We look forward to welcoming you at Otter Creek. And stay tuned for Chamber Specials coming to you soon.
