Underprepared: Strategies
for Stronger Schools and
Healthy, Successful Kids*

FRIDAY, OCTOBER 20, 2017

7:30-9:00 PM

Memorial Auditorium, 551 Serra Mall, Stanford University

Open to the Public | \$10 per ticket

Raising resilient children and teens who thrive in our rapidly changing and uncertain world is no small task. What can parents do to best support mentally and physically healthy kids who are engaged in learning and have strong connections with friends, families, and their communities? It turns out, quite a lot. Join Challenge Success for an evening of education and inspiration to explore how parents can build resilience in our kids today and our adults of tomorrow.
