

# WHY HUDDLBOX?

A useful tool for teaching & more.

Every school needs a mobile TV system with audio to meet requirements for outdoor classroom readiness. Huddlboxes are portable and engineered specifically for outdoor classrooms, school events, PTO meetings, pep rallies, and more.

**The TVs connect directly to your phone, tablet or computer for instant access to presentations, videos, and music.**

When we ordered our Huddlboxes, I never knew all the applications I could use them for. This is the most innovative product I have used since I became an administrator. **”**

– Chris McCook, Principal, Warner Robbins High School

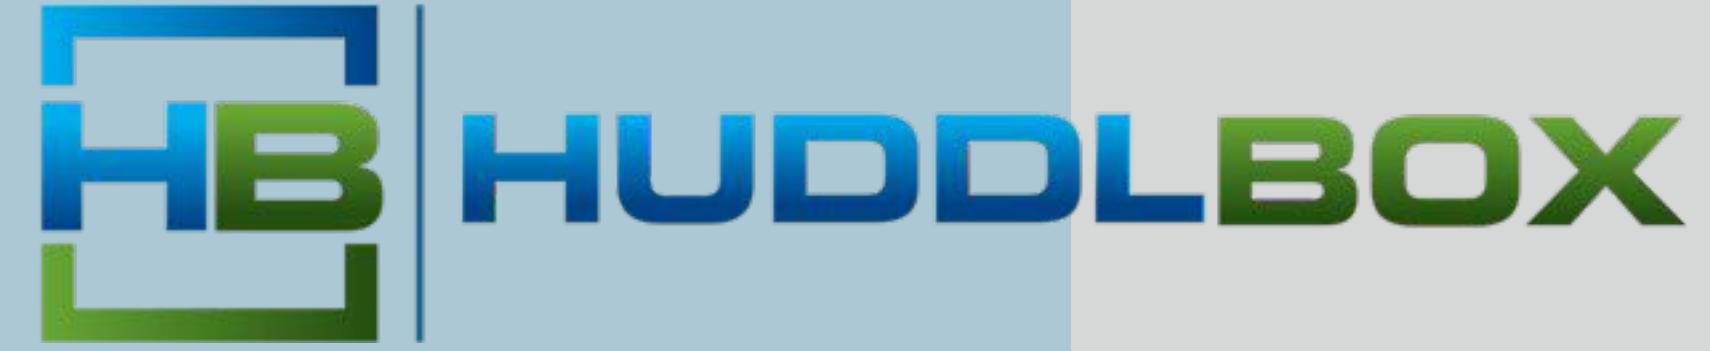

Huddlboxes can be purchased with ESSER funding, Technology, Title One, and other grant sources.
