1 FACTS

Germs are pervasive in our environment and are easily spread through contact with others, surfaces and inhalation/ingestion.

COMMON GERMS

- Norovirus
- Influenza
- Coronavirus
- Salmonella
- Hepatitis
- E-coli

TRANSMISSION

- Person to person via droplets through the air
- Bodily fluids (sweat, saliva, blood)
- Touching contaminated surfaces

STATISTICS

- 1 in 5 adults have the flu annually
- Norovirus causes 70,000 hospitalizations each year
- \$6.2B in lost work days due to employee illness

source: www.cdc.gov

The Spaulding Classification System characterizes the difficulty to kill germs with disinfecting agents.

It is generally accepted that:

- ▶ Enveloped viruses are easier to kill. *These include: Influenza, Coronavirus and Hepatitis.*
- ▶ Non-Enveloped viruses substantially more difficult to kill. *These include: Norovirus, Rotavirus.*

Did you know...

Residual soil can shelter germs

CLEANING... is removing soil from a surface

DISINFECTING... is killing/reducing germs that can cause disease, odours, spoilage

**You must
clean AND
disinfect!**

- Many disinfectants do not effectively remove soil, if at all.
- Cleaning well removes soil where germs are found and can multiply.
- Cleaning well allows disinfectants to work more effectively.

2 INFECTION PREVENTION

EDUCATE

Train employees and reinforce the importance of **staying home when sick**

Regularly communicate your sick policies, personal hygiene etiquette, and **proper infection control procedures**

During an outbreak, e.g., flu season, keep close to local/regional guidelines; **execute a plan that allows for business continuity**

ENCOURAGE GOOD HABITS

Handwashing
Frequently for at least 20 seconds – put posters up for reminders

Hand sanitizing
Provide alcohol-based hand sanitizer if soap and water are not available

Cover mouth & nose
with a tissue or the bend of your arm

Avoid close contact
Encourage social distancing behaviors

BREAK THE CONTAMINATION CYCLE

Do not allow germs to travel!

Clean + disinfect
Avoid cross contamination of tools like mop heads

Prioritize high touch surfaces

Use a Health Canada registered disinfectant
Follow label instructions

3 INFECTION CONTROL

PREPARE

Being ready for everyday infection control can help when an outbreak occurs.

- Have a written & posted plan for infection control
- Ensure a stock of cleaning products, tools & supplies
- Train employees on PPE and keep it available

ESTABLISH

Consistent and frequent cleaning policies & procedures are critical.

- Proper cleaning and disinfecting procedures should be part of every employee's training plan
- Managers are the role models – exhibit the behavior you want to see
- Post your policies and make them easily accessible

ENFORCE

Enforcing the “good behavior” of cleaning and disinfection can help ensure it's done right.

- Catch your employees cleaning and reward the actions
- Have frequent spot checks
- Train by doing – when you notice an improper procedure – correct it by showing the right way

TOTAL REBATE

per Property: _____

TOTAL # rooms per property's rooms: _____

Rebate requested: _____

*Limit one rebate per name, business or address. Canadian businesses only, 19 years of age or older. Participating purchases may be made over multiple transactions during the offer period and aggregated for the purposes of reaching the qualifying total purchase requirement. Maximum rebate \$6,500 CDN. Only official Canadian postal addresses are acceptable. No PO Boxes are allowed. Use of multiple addresses or businesses to obtain additional rebates is fraud and may result in prosecution. Multiple submissions will not be acknowledged or returned. Rebate cannot be combined with any other offers. Offer excludes purchases by non-business users, purchases bought under P&G's contract programs, payments to third agents, and cases for resale. This Official Mail In Rebate Form and a system generated Proof of Purchase must accompany your request. If Proof of Purchase does not include Company Purchased By, Company Purchased From, purchase date and eligible products identified by brand name, description and size/case count the rebate will not be issued. Reproduction, alteration, sale, trade, or purchase of this official form or proof of purchase is prohibited. Proof of purchase must be obtained from products purchased for your business. No requests from groups, clubs, or organizations will be honoured. We will not honour incomplete submissions. Not responsible for lost, late or undelivered submissions. Please allow 6-8 weeks for delivery. For any questions regarding this offer or the status of your submission call 1-800-332-7787.
