

STUDENTS & BUSINESSES ARE INVITED TO THE

NCW COLLEGE & CAREER EXPOS

THREE GREAT EVENTS IN-PERSON ACROSS THE REGION!

At these events, educators and local industry professionals come together to introduce students to work experiences that engage, train and inspire them for the 21st-century workforce that is in demand by regional employers.

In addition to connecting with colleges and industry professionals, students who attend the expos will get to engage in hands-on work based activities, explore workplace tools and equipment and learn from real job descriptions.

Businesses, educational institutions, training programs, and student support services are all encouraged to participate at the event as exhibitors.
