

# GRESHAM READS! ¡LA CIUDAD DE GRESHAM LEE!

We're spreading the joy of reading

Mayor Bemis and the City of Gresham launched a new program in 2017 called Gresham Reads through which the City provides free children's books in select local restaurants. Families and children eating at participating restaurants have the opportunity to read the books during their visit and can take a book with them when they leave. Not only will Gresham Reads encourage a love of reading for kids in the community, it will provide books to children who may not otherwise have access to them at home.
