## Habitat for Humanity ReStore reopens in Gresham

**All four locations now open for donating, shopping home improvement goods!**

June 11, 2020 (PORTLAND, Ore.) – It's far from business as usual out there in the world, but we are making great progress in returning some normalcy to the ReStore world. As of Friday, June 12, we will reopen the **Gresham ReStore at 610 NE 181<sup>st</sup> Avenue** at Glisan. It's the fourth ReStore to open its doors to donors and shoppers in the Portland Metro Area. The hours of operation are **Friday, Saturday and Sunday, 10-6**. That's different from our other locations.

**The Portland ReStore, Beaverton ReStore and Vancouver Habitat Store** are currently open Thursday through Monday, 10-6. That could change soon! We hope to expand store hours at all four locations once we are able to safely and responsibly welcome back our volunteers.

### Keeping everyone safe!

In order to ensure the safety of everyone in front of the counter and behind, we have implemented the following recommended safety protocols:

- Face masks must be worn at all times.
- Maintain 6-ft. physical distancing in stores and on donation docks.
- Card purchases only; no cash transactions are accepted.
- Hand sanitizing stations are provided at the entrance and throughout stores.
- Low to no-touch registers and safety shields provided at checkout.
- Store occupancy is limited.
- Self-service loading and unloading of donations and purchases

### We're picking up donations, too!

We are picking up donations on a limited basis *in Oregon only*. We're adapting to physical distancing requirements, so donors should be aware of these changes:

- Donated items must be left curbside or in a parking space.
- Items need to be of a size that is able to be moved by one person.

Donors can schedule a donation pickup at [pdxrestore.org](http://pdxrestore.org) or by calling ReStore Donation Information at **971-229-8888**.

While we realize some of these precautions may not seem convenient, we believe they will help to protect donors, shoppers, staff and volunteers from the spread of COVID-19.

### Who we are

ReStore is a donation-based home improvement outlet that offers deeply-discounted goods and materials for home improvement and decorating projects. Shoppers and DIYers love us for the treasures they find at each location. ReStore sales help fund homebuilding programs at Habitat for Humanity Portland Metro East, Willamette West Habitat for Humanity and Evergreen Habitat for Humanity. **Shop ReStore online at [pdxrestore.org](http://pdxrestore.org).**

PLEASE NOTE: All volunteer activities and salvage services remain suspended.

---

**About the Portland Metro/Vancouver ReStores:** The Portland Metro/Vancouver ReStores are donation-based home improvement outlets selling new and used building materials, appliances, furniture and other home improvement goods in support of Habitat for Humanity homebuilding projects. The Portland ReStore, Gresham ReStore, Beaverton ReStore and Vancouver Habitat for Humanity Store, together ease demand on natural resources by keeping usable goods out of landfills. *This past year alone, our stores diverted more than 7,767 tons of reusable materials while raising over \$656,000 to help build more affordable, sustainable Habitat homes. We did it with the help of over 2,230 hardworking volunteers.* **Learn more at [www.pdxrestore.org](http://www.pdxrestore.org).**
