Tommy's Express Car Wash Celebrates 150th Location Milestone

Holland, MI - Tommy's Express Car Wash, the leading car wash franchise with locations across the United States, is pleased to announce the opening of its 150th location last month. Opening in San Antonio, TX, the new location marks a significant milestone for the brand, which has seen impressive growth since its inception.

With locations in 30 of the 50 United States and over 400 locations in the pipeline in the US and abroad, Tommy's Express has become a household name with car wash owners who want to keep their vehicles clean and well-maintained. The brand has earned a reputation for providing high-quality car wash services, using their patented technology and equipment.

"We are thrilled to celebrate the opening of our 150th location," said Brand President, Mike Lemmen. "This is a testament to the hard work and dedication to our team as well as the loyalty of our guests who continue to trust us with their vehicles. We are proud to offer a next-gen, high-efficiency car wash providing faster, safer, and more sophisticated car washing with affordable pricing and membership packages."

Guests love Tommy's Express' quick service even at peak hours, three-minute travel down the car wash tunnel, an excellent menu of products and services with free floor mat washers and vacuum stations located on-site. TommyClub unlimited wash memberships are available for purchase via the Tommy's Express app, allowing member vehicles to automatically be admitted to the wash via a proprietary license plate reader system. Unlimited Club members can wash as often as they wish at any location for as little at \$19.99 per month. New members receive their first month free upon downloading the app.

Tommy's Express has tunnel vision as they continue expansion efforts, with more than 400 locations in the pipeline in the US and abroad. As the brand grows, it remains committed to its core values of enriching lives, adding value, and serving communities.
