

GROUP ACTIVITY

This activity can be used in a small group at church or even with your kids at home!

What Day Is It?

Directions: Hand out one "Creation Card" to each child in your group. Ask them not to show their card to anyone. For younger kids who are still learning to read, whisper to them what their card says. Next, give each child a small piece of play dough. Explain to your group that they will all have to use the play dough to form the creation on their card. When finished, go around the circle and have each kid show their creation. The rest of the group will have to identify which of God's creations they made. Once they have identified the creation, ask the group if they remember what day that creation was made. (If there are more kids in your group than there are creations, it's okay if more than one kid has the same creation.) The following is a list of included Creation Cards:

- Clouds and Sky: Day 2
- Ocean waters: Day 2
- Mountains and Land: Day 3
- Plants and Trees: Day 3
- Sun and Moon: Day 4
- Fish: Day 5
- Birds: Day 5
- Wild Animals: Day 6
- People: Day 6

Say: During the game, you each formed and molded your creation with your own hands, but in the Bible, God did that with only one of His creations—people.

Question: What does that tell you about God? Why do you think He made us that way?
(Suggested answer: it shows that God made people to be more unique and special than any other creation.)

Question: Why do you think God chose to make people more special than any other creation?

Question: What do you think it means that God wants to have a relationship with us? How can you have a relationship with God if you can't see Him or hear Him talking out loud?
