** More details will be shared closer to the event*

What is the After Party?

After the formal prom ends, the buses will bring all seniors and their dates to the Sachs Center to keep the party going! The After Party is a substance-free, late night celebration for DHS seniors and their DHS prom dates. Seniors not attending prom are also welcome. This event is FREE FOR ALL SENIORS & DATES! Attendees check in and remain at the celebration until 3:00am.

What happens at the After Party?

DHS parent and community donations enable the After Party to provide a wide variety of entertainment options for all attendees. In addition to the great snacks, desserts, and a high octane coffee bar, we'll have interactive inflatables, psychics, professional casino tables/dealers, caricaturists, a 5-on-5 basketball tournament, spike ball and a fantastic array of raffle prizes!

Why do we have the After Party?

The idea of a prom "after party" came about 14 years ago in response to a growing concern over what options were available to our kids after prom. The safety and well-being of our high school students is our first priority. According to the U.S. Department of Transportation, on a typical prom weekend: 48 American teenagers will be killed in vehicle crashes; 5,202 American teenagers will be injured; 40% of the deaths will be alcohol-related. The After Party has been helping to keep DHS students safe on prom night.

How do we create such a wonderful event?

By soliciting donations from parents like you, a few civic organizations, and a number of generous local businesses, the After Party board of volunteers works year-after-year to ensure that we are able to host this amazing, fun, safe, FREE event for our students. Please consider [donating](#) to make this event amazing for our 2022 Seniors – you can see below how much each family can "save" from this fun, safe, organized after Prom event!
